

Summer Week 1

Parents as Partners

Dear Parents/Carers,

I hope everyone had a wonderful break and enjoyed a rest. We are now back and in to our final term of this school year! This will be a packed term with all sorts happening in school and for the children.

Star Awards: Our star awards this week have been awarded to Harry P, Immy and Taylor for fantastic reading and comprehension skills.

PE Kit: Just a reminder that we need PE kit in school every day now. PE kit is available from the school office if you need new t-shirts or shorts. As we are in the Summer term we will take the opportunity as the weather improves to get outside more. As part of this please can you check your child's plimsolls/trainers fit and that they have spare socks in their PE bag in case they get wet feet during PE sessions.

Life cycles: Our new topic for this half term is life cycles. We are also hoping to have some caterpillars arriving in the next couple of weeks as well to watch the lifecycles.

Number rhymes: Please help your child to learn and use the number rhymes which will help them to form their numbers correctly.

0 - Around to my left to find my hero, back to the top and now I've made a zero.

1 - A downward stroke, my that's fun, now I've made a number 1.

2 - Half a heart says I love you, add a line and now I've made a number 2.

3 - Round the tree, round the tree, now I've made a number 3.

4 - Down and across and down once more, now I've made a number 4.

5 - Draw the hat, the back and the belly. It's a five. Watch out it might come alive!

6 - Bend down low to pick up sticks. Now I've made a number 6.

7 - Across the sky and down from heaven. Now I've made a number 7.

8 - Make an S and shut the gate, now I've made a number 8.

9 - Make an oval, add a line. Now I've made a number 9.

Nursery Rhymes: Have a go at reading some nursery rhymes together. We've included a few to get you started.

Many thanks

Mrs Ellis
