

Science	
Living things and their habitats	
Plants 	Animals
Take apart a plant found at home or in the supermarket. Lay it out on a piece of paper and label the parts	Spend 10 minutes record all the creatures you see from a window at home and record the behaviours you see (e.g. eating, foraging)

PE	
Cricket and Tennis	
Cricket 	Tennis
Using a soft ball: practise rolling the ball along the ground and stopping it with hands.	Using a soft ball: tap up the ball on a racket or book, counting how many consecutive hits.

Geography
Earthquakes
Use materials, such as recycling or building blocks (e.g. Lego) to create a structure. Put the structure on piece of paper. Sit how vigorously you can move the paper before the structure falls over or is damaged. Repeat this improving your structure.

RE
Christianity - Easter
Why do Christians call it Good Friday?
Create a timeline of the events of Holy Week displaying the emotions that Christians today would feel on different days? Extension: add the emotions that Jesus' disciples would have felt on different days.

MFL	
The Wider World	
Where in the world? 	Who speaks Spanish?
In Spanish, write in as much detail as you can, where you live.	Write a list of different countries and type of Spanish they speak

PSHE	
Staying Safe	
At Home 	Online
With an adult, go around the house and identify 3 hazards	With an adult, plan 3 new ways to stay safe online.

Computing	
Photo Editing / Databases	
Phot Editing 	Databases
Create a 'before' and 'after' photo using a device at home. Edit the image using the built in tools.	Use a piece of paper to create a table of 10 household objects, listing their name, colour, size, location, material and function

Music	
Enjoying different Musical Styles	
Share 	Listen
Share with the adults at home 2 pieces of music that we are looking at in school.	Ask an adult at home to share with you 2 songs from their childhood that you haven't heard before.
