

Year 1 Crooklets Summer term 1 Home Learning 'What's growing in the garden?'

Art	
Clay 	
Can you find an interesting fact about sculptor Henry Moore?	Use clay/ playdough to create your own sculpture.

Geography	
Sustainability 	
Research what bananas grow and why they grow in hot countries?	What other fruits / vegetables grow in hot countries. Draw / list to share.

PSHE	
Responsibility 	
Take on a new responsibility at home! Maybe you can sort the recycling, or water the plants, or feed the family pet. Tell us about your new role and what you have to do. Take some photos, or write a diary for a week and share that with us.	

Music	
Having fun with improvisation 	
Make a musical instrument using junk modelling materials.	Use household objects to make a musical band. Take photos/video of yourself playing it!

RE	
Muslim faith (part 2) 	
Design a mosque building. What beautiful shapes and colours will you include?	Design and make a box or case to keep something very special in.

Computing	
Technology around us 	
Use some technology to find out about an unusual plant!	Or take photos of different plants growing in your garden.

PE	
Locomotion: running 	
<i>Running Track:</i> Mark out a start and finish line to create a track. Then time yourself running it. Can you improve your time?	<i>Running course:</i> Create a running course with activities to complete along the way. Draw your course.

Science	
Plants 	
Create a poster showing wild plants on one side and garden plants on the other. Label your drawings.	Can you grow a plant? Draw the plant at different stages of its growth.

Books in our Topic – What's growing in the garden?
