

Year 4	Vocabulary Overview				
 Sound	 vibration	 waves	 volume	 dB decibel	 pitch
 signals	 source	 particles	 energy	 insulate	 reflect
 eardrums	 absorb	 amplitude	 medium		
 Living Things and Their Habitats	 habitat	 species	 classify	 identify	 microhabitat
 features	 adapted	 vertebrate	 invertebrate	 characteristics	 classification key
 organism					
 States of Matter	 matter	 solid	 liquid	 gas	 volume

 particle	 melting	 freezing	 boiling	 precipitation	 evaporation
 condensation					
 Living Things and Their Habitats – Conservation	 migrate	 monsoon	 deforestation	 biodiversity	 emissions
 pollution	 pesticide	 contaminate	 drought		
 Electricity	 battery	 mains electricity	 appliance	 circuit	 component
 series circuit	 cell	 complete circuit	 incomplete circuit	 conductor	 insulator
 switch					

 Animals Including Humans	 digestive system	 oesophagus	 stomach	 large intestine	 small intestine
 gall bladder	 liver	 saliva	 incisors	 canines	 molars
 cavity	 producer	 consumer	 predator	 prey
