

Mathematics

Find out how to count to five / ten in Cornish and learn to say it.

Use scales to weigh out ingredients for a Cornish recipe - try yeast buns or a pasty?

PSHE

What does your body need to stay healthy? Make something to show this.

Literacy

*Write a postcard from your favourite place to be in Cornwall (could link with the art for a picture on the front.)

*Write a recipe for a Cornish treat.

*Read a book based in Cornwall - can you tell someone else about it?

D&T / Art

* Bake some scones and have a cream tea - remember jam first!

* Draw a picture of your favourite place in Cornwall. (Could link to English postcard)

P.E.

Aim to do 15 minutes exercise every day - linked to our science of keeping healthy.

Celebrating Cornwall Homework

Year 2 Fistral

Autumn Term 1

Science

*Put some photos of you in order from a baby to now - how have you changed?

*Make a poster showing how to clean your teeth.

History

Find out about a famous person who came from Cornwall. Can you say what they were famous for and when they lived?

Religious Education

Find out about a Cornish Saint.

Geography

Visit a Cornish landmark and have your photograph taken beside or in it.

I.C.T

[Mission Inedible - fun health game for kids by GridClub](#)

Create your own Healthy eating superhero!

Music

Learn a traditional Cornish song or make up one of your own. Can you perform it to family or friends?
