

Mathematics

Write some calculations using Roman Numerals. Can a family member or friend solve them?

Literacy

Write a diary entry by a Roman soldier.

Topic The Romans

Year 3/4 Carlyon Bay and
Lansallos

Term Spring 1

D&T / Art

Research and create;

A Roman house

A Roman town

A Roman road

A hypocaust

Science

Design and make your own aqueduct. It needs to hold water. You will need to think about its height, strength, materials used to build it (waterproof) and you may need to amend your design to improve it.

Can it also carry a toy boat or other item? We look forward to seeing what different materials you use.

I.C.T

Use ICT to complete any of the homework tasks.

Use a search engine to research more about the Romans.

Music

[Classroom resource: Roman music](#) | [British Museum](#)

Research musical instruments from Roman times. Can you make your own or share what you have found out?

Geography

Research the Roman Empire. Complete a map/timeline to show how the Empire evolved around Europe.

History

Create a timeline to show key events during the Roman Empire.

You may want to include other key historical time frames that we have previously learnt about in other topics.
