

Mathematics

Create a timeline of different Royals.

Write different facts linked to the timeline, such as how long a King/Queen reigned, longest reigning monarch, ages of Royals when they were crowned.

The Crown Jewels are made up on many fine, precious stones. Create a table listing the types of jewels and how many there are in the Crown Jewels

Literacy

Write a newspaper article about a news items linked with Royals (could be fact or fiction).

You could choose:

- Crown jewels stolen
- Fire in Windsor castle
- New King

You could film your news article like a TV news broadcast.

Science

Halley's comet and 1066

On the famous Bayeux Tapestry, the embroiderers included Halley's comet ...

What is a comet?

Why is this comet (Halley's) so important?

When will we see it again?

D&T / Art

Research and make or draw a castle or a famous royal house.

Draw a portrait of a British King or Queen

I.C.T

Create a word/Publisher document to produce any of the work from the other subjects.

Music

What can you find out about

'Greensleeves' supposedly composed by King Henry VIII

The National Anthem

... can you play, sing, learn?

Geography

Find out about different Royal homes and where they are in the UK.

Not all of the British Kings and Queens were born or lived in Britain, can you find out about any who weren't and the countries they were born / lived in?

History

Create a family tree for either the Royal family or your own family.

You could decorate it.

Maybe make your own special family crest to put at the top.
