

Mathematics

Yr1- Can you make a number flip book to 20?
Colour each number in cold colours. Maybe
add some winter themed pictures...

Yr2- Make an array. You can draw it or use
bottle top lids. Write some number sentences

about it.

PSHE

Make a 'How to keep
healthy' leaflet or poster.

Literacy

Research an animal which lives in a cold or hot
climate. Create your own animal fact file to
share with your friends.

Frozen Lands Homework

Readymoney
Spring term 1

Art

Can you create your very
own cold colour winter
picture? Maybe it could be
in the Artic with polar
bears, or down in the
Antarctic with the
penguins. You could choose
to do a picture of St
Stephen in the winter...

P.E.

Can you create
your very own mini
gymnastics
sequence at home
to show off your
balancing skills?

Science

Go on a winter walk and record what you see, hear,
smell, touch. Is there anything you can taste?

Or

Investigate how to keep an ice cube from melting and
a hot drink warm.

I.C.T

Can you find out about an explorer who has travelled to
the Artic or Antarctic.

Or use a computer to make a E-safety poster.

Religious Education

Show someone that you care
about them by sending them
a valentine's card. Can you
find out about St Valentine?

Geography

Imagine that you were going on a trip to the
Arctic or the Antarctic. What would pack in
your suitcase? Draw your suitcase and label
the contents.

Are there any special types of clothing you
would need to buy?

Music

Can you find any music that reminds you of
falling snow, or maybe a blizzard?
