Re: Children in Need

6th November 2020

Dear Parents/Carers,

As a **charity**, BBC **Children in Need** exists to ensure that every child has a safe, happy and secure childhood and the chance to reach their full potential. Sadly, the Covid-19 pandemic has made life even harder for children, young people and their families who were already facing disadvantages.

This year, we have made the hard decision to not hold a whole-school collection. If you wish to donate, please do so using the Children in Need donation line/text or by the [Children in Need website](https://www.childreninneed.org.uk). We absolutely recognise that this is a crucial charity and one which school fully supports, however, many families have had changes in their own personal circumstances due to the global pandemic and therefore, we wish to limit school fundraising.

We will still complete a range of activities in school and we hope that this will be an event we can fully support in the future.

I hope that the parent phone consultations have been informative and have given you a chance to discuss your child's progress and school-life. I take this opportunity to remind you that school is here to support you and your child/children if you require it.

Have a lovely weekend.

Kind regards,

Miss James
