Maths: Numbers

Children will begin to consolidate the numbers skills they have learnt this year including, subitising, counting, composition, sorting, matching, comparing and ordering. They will begin adding numbers by using real objects to see that quantities of groups can be changed by adding more. They will do this by using a 'first, then, now' structure which creates stories using numbers in meaningful contexts.

Topic

Oh I do like to be beside the Seaside

Next week the children will explore making shell imprints into salt dough.

We will also have a go at making ice-cream collages!
